

UFU-CAPES.PrInt / Project 88887.311538/2018-00 / Work Mission

During my 12-day work mission to Canada I visited the University of Manitoba in Winnipeg and attended a Conference in Montreal.

University of Manitoba, Asper School of Business

During the mission, I developed many activities and visited companies and places carefully selected and programmed by Prof. Minelle Silva. Some of the activities include: research meetings professors and staff of Asper School of Business; presentation of UFU, FAGEN and research project to professors, researchers and students from the Supply Chain Management department; attended the "Social & Ecological Thought (SET) documentary at the Manitoba Museum"; attended the session "Getting to know the Journal of Supply Chain Management: Making a Theoretical Contribution"; and participated in the Seminar "Advancing Equity and Excellence: Exploring the Dynamics and Impacts of Supplier Diversity Initiatives".

Results of the working mission include: joint research projects discussed; possibility to host students, researchers, and professors from Asper School of Business at UFU; possibilities for exchanging PhD students.

WFRN Conference

During the Conference, I presided one session and presented two articles. I presided the session “Economic Empowerment in a Global Perspective”, a paper session, with articles being presented and discussed.

The articles I presented are: The Challenge of Gender Equality in Brazil, coauthored by a Masters’ candidate and another professor from PPGAdm/FAGEN/UFU; and Work-Life Balance for Solopreneurs, coauthored by another professor from PPGAdm/FAGEN/UFU.
